April 19, 2023

Dear Sir/Madam,

Greetings!

The **ACTSAFE, HEALTH AND ENVIRONMENTAL CORP.** a DOLE-OSHC Accredited Safety Training Organizations will be having an approved Online Training on **Loss Control Management (LCM) + HIRAC** on **May 29-30-31-June 1-2, 2023** from **8:00am to 5:00pm** via webinar (zoom pro class).

LCM is Risk combination of combination of likelihood and consequence. To be able to understand what really a risk is, basic terms such as hazard, hazardous, likelihood, and consequence must be defined. A hazard is anything that has a potential to cause harm. However, for a hazard to cause harm, a hazardous event must happen. Likelihood is the measure of chance that the hazardous event will occur and the consequence is the outcome of the hazardous event.

Similarly, exposure to hazard brought either by unsafe acts and conditions are accidents. And these accidents cannot just be eliminated without conducting risk assessment to carefully examine and evaluate anything in the environment that could cause injury or ill health. After recognizing hazards, suitable and sufficient control measures are then implemented. The best way to control hazard is from its source.

Training Fee is **Four Thousand Five Hundred Pesos (Php 4,500.00)** to cover the Training Certificate, Training Manual (electronic copy) and with freebies: ID.
