PriME is a nationwide orientation seminar for top performing high school students from both public and private high schools. It aims to impart knowledge about the Management Engineering Program through various talks and activities. This year, PriME will be divided into a 4-day (2 weekends) online event and a free-for-all website.

The target participants are the top performing high school students from public and private schools. To make this opportunity more accessible to all Filipino high schoolers, PriME will be sponsoring the WIFI of 20 public school students for the duration of the event.

The participant's application form and other information about PriME 2021 can be found through their official website: <http://www.meaprime.org>.
